## Our Nurses Make the Difference

### Company Background:

FlexRN is a nurse staffing agency providing both per diem and contract clinical support. We also staff travel nurses at facilities around the country and participate in several national and regional vendor manager systems and registry programs.

Founded in 2001, FlexRN has provided over 850,000 hours of nursing support to a wide range of clients.

FlexRN qualifies for the federal small business designation and is a woman owned and operated organization. Additionally we are a Joint Commission (JCAHO) Certified Staffing Agency and a member of the American Staffing Association.

### At FlexRN, nursing is our passion and service is our distinction.

We attract and retain the finest nurses in the staffing industry through our innovative recruitment and screening programs. We retain these exceptional nurses by providing 24-hour clinical and professional support in addition to our superior compensation program. With these exceptional nurses on our side and a dedicated staff of customer care professionals, we are able to meet the high demands of our hospital clients for both customer service and nursing quality.

### Working toward a common goal: Exceptional patient care.

FlexRN is deeply committed to exceeding the expectations of our clients and our nurses by treating each as our number one priority. We will always provide the highest quality nurses at a reasonable rate so that, together, we can work toward our common goal of providing exceptional patient care.

*"Flex RN supplies the finest nurses in Northern Virginia to complement department staffing. (FlexRN) nurses capably staff the most acute regions of our departments, and do so with smiles on their faces. Patients and providers frequently request Flex nurses, and routinely request mechanisms to laud their skills and demeanor. In a high demand-low supply area for healthcare, FlexRN fills a market niche with consistently top quality nurses."*

### Quick Facts

- Over 70% of our staff are specialty nurses.
- Over 50% of our staff has five or more years of experience in their specialty.
- In the last 8 years our agency is proud to experience an extremely low incident of DNRs and we currently book over 10,000 hours per month in the DC metropolitan area alone. That is due to our excellence in nurse quality and our diligent recruiting team.
- We can reach all of our healthcare providers (over 2800 in total) in less than five minutes.
- We are the only staffing agency to offer an Emergency Response Plan.
- Joint Commission Certification has its advantages! JCAHO certified agencies can contribute toward hospital accreditation.

## For Nurses

### Nurses are the heart of our business.

Life as an agency nurse is especially rewarding when you have a quality nurse staffing agency behind you. Our nurses value FlexRN because we provide real support to their nursing careers, offering best-in-class compensation, personalized schedulers, nurse-centered 24-hour clinical support, and consistent employment at quality hospitals.

### Why choose FlexRN?

FlexRN nurses experience the following key advantages:

- Standout wages, referral bonuses, retention incentives, and comprehensive benefits.
- A personal scheduler who will get you the shifts you want, quickly and accurately.
- More shifts and more hours.
- A nurse-managed company with a deep understanding of the challenges you face.

*"When I walk into a hospital, I'm proud to tell them I'm a "Flex Nurse" - They know that means they are getting a high quality, professional and caring nurse who will meet and where possible exceed their expectations for this shift and the future ones. You see, as a Flex Nurse, I always get invited back. And in PRN Nursing, that says a lot."*
