## Our People Make the Difference.

### We take a quality approach to healthcare staffing.

Flex is a healthcare professional staffing agency providing therapist and nurse staffing for both per diem and contract clinical support. We also staff travel nurses and therapists at facilities around the country and participate in several national and regional vendor manager systems and registry programs.

Flex qualifies for the federal small business designation and is a woman owned and operated organization. Additionally we are a Joint Commission (JCAHO) Certified Staffing Agency and a member of the American Staffing Association.

### Superior healthcare is our passion and service is our distinction.

We attract and retain the finest therapists and nurses in the staffing industry through our innovative recruitment and screening programs. We retain our exceptional staff by providing 24-hour clinical and professional support in addition to our superior compensation program. With these exceptional healthcare professionals on our side and a dedicated staff of customer care professionals, we are able to meet the high demands of our hospital and clinical clients for both customer service and staffing quality.

### Run by Therapists and Nurses, For Therapists and Nurses

One of the biggest differences between our healthcare staffing services and other companies in the industry is that we are run by therapists and nurses, for therapists and nurses. We understand the unique challenges hospitals and clinics face when it comes to scheduling and staffing, and we respect the demands placed on the professionals we staff.

### Working toward a common goal: Exceptional patient care.

We are deeply committed to exceeding the expectations of our clients and healthcare staff by treating each as our number-one priority. We will always provide the highest-quality staff at a reasonable rate so that, together, we can work toward our common goal of providing exceptional patient care.

*"Flex RN supplies the finest nurses in Northern Virginia to complement department staffing. (FlexRN) nurses capably staff the most acute regions of our departments, and do so with smiles on their faces. Patients and providers frequently request Flex nurses, and routinely request mechanisms to laud their skills and demeanor. In a high demand-low supply area for healthcare, FlexRN fills a market niche with consistently top quality nurses."*

— Cameron M. Cushing MD MSPH FACEP, Medical Director, Emergency Department, Prince William Hospital

*"FlexAllied has fulfilled their responsibility as our employment agent to the best of our satisfaction by continuously supplying us different types of candidates based on our needs and requirements. Through the efforts of the team at FlexAllied, we were able to find highly skilled personnel."*

— Henry J. Vaughn, Director for Government and Community Affairs, Specialty Hospital of Washington

## FlexRN<sup>+</sup> For Nurses

### Nurses are the heart of our business.

Life as an agency nurse is especially rewarding when you have a quality nurse staffing agency behind you. Our nurses value FlexRN because we provide real support to their nursing careers, offering best-in-class compensation, personalized schedulers, nurse-centered 24-hour clinical support, and consistent employment at quality hospitals.

### Why choose FlexRN?

FlexRN nurses experience the following key advantages:

- Standout wages, referral bonuses, retention incentives, and comprehensive benefits.
- A personal scheduler who will get you the shifts you want, quickly and accurately.
- More shifts and more hours.
- A nurse-managed company with a deep understanding of the challenges you face.

*"When I walk into a hospital, I'm proud to tell them I'm a "Flex Nurse" - They know that means they are getting a high quality, professional and caring nurse who will meet and where possible exceed their expectations for this shift and the future ones. You see, as a Flex Nurse, I always get invited back. And in PRN Nursing, that says a lot."*

— Ed Stern, RN

### Train the Nurses of Tomorrow: FlexRN's Nursing Instructor Placement Program.

If you are qualified to teach as a nurse instructor, we provide instructor positions to nursing schools around the country. We use our superior staffing placement services to help nurse instructors advance in fulfilling teaching positions. We're proud to be a part of the solution that's training the healthcare professionals of tomorrow.

### Create a career that complements your life.

We understand you want a nurse staffing agency that can meet the demands of hospitals and the needs of nurses, alike. We recognize that your career goals and your path to agency nursing are unique, and we strive to help you create a career that complements your life. When you're ready to take the step into a rewarding agency nursing career, let's talk.
